

8.10.2 The MyISAM Key Cache	1733
8.10.3 Caching of Prepared Statements and Stored Programs	1737
8.11 Optimizing Locking Operations	1739
8.11.1 Internal Locking Methods	1739
8.11.2 Table Locking Issues	1741
8.11.3 Concurrent Inserts	1743
8.11.4 Metadata Locking	1743
8.11.5 External Locking	1747
8.12 Optimizing the MySQL Server	1748
8.12.1 Optimizing Disk I/O	1748
8.12.2 Using Symbolic Links	1749
8.12.3 Optimizing Memory Use	1752
8.13 Measuring Performance (Benchmarking)	1758
8.13.1 Measuring the Speed of Expressions and Functions	1759
8.13.2 Using Your Own Benchmarks	1759
8.13.3 Measuring Performance with performance_schema	1760
8.14 Examining Server Thread (Process) Information	1760
8.14.1 Accessing the Process List	1760
8.14.2 Thread Command Values	1762
8.14.3 General Thread States	1764
8.14.4 Replication Source Thread States	1771
8.14.5 Replication I/O Thread States	1771
8.14.6 Replication SQL Thread States	1772
8.14.7 Replication Connection Thread States	1773
8.14.8 NDB Cluster Thread States	1774
8.14.9 Event Scheduler Thread States	1774
9 Language Structure	1777
9.1 Literal Values	1777
9.1.1 String Literals	1777
9.1.2 Numeric Literals	1780
9.1.3 Date and Time Literals	1780
9.1.4 Hexadecimal Literals	1782
9.1.5 Bit-Value Literals	1785
9.1.6 Boolean Literals	1786
9.1.7 NULL Values	1786
9.2 Schema Object Names	1787
9.2.1 Identifier Length Limits	1788
9.2.2 Identifier Qualifiers	1789
9.2.3 Identifier Case Sensitivity	1791
9.2.4 Mapping of Identifiers to File Names	1793
9.2.5 Function Name Parsing and Resolution	1794
9.3 Keywords and Reserved Words	1798
9.4 User-Defined Variables	1827
9.5 Expressions	1830
9.6 Comment Syntax	1835
10 Character Sets, Collations, Unicode	1837
10.1 Character Sets and Collations in General	1838
10.2 Character Sets and Collations in MySQL	1839
10.2.1 Character Set Repertoire	1841
10.2.2 UTF-8 for Metadata	1843
10.3 Specifying Character Sets and Collations	1844
10.3.1 Collation Naming Conventions	1845
10.3.2 Server Character Set and Collation	1846
10.3.3 Database Character Set and Collation	1846
