

4.7.2 <code>my_print_defaults</code> — Display Options from Option Files .....	600
4.8 Miscellaneous Programs .....	601
4.8.1 <code>lz4_decompress</code> — Decompress mysqlpump LZ4-Compressed Output .....	601
4.8.2 <code>perror</code> — Display MySQL Error Message Information .....	601
4.8.3 <code>zlib_decompress</code> — Decompress mysqlpump ZLIB-Compressed Output .....	602
4.9 Environment Variables .....	603
4.10 Unix Signal Handling in MySQL .....	605
5 MySQL Server Administration .....	607
5.1 The MySQL Server .....	608
5.1.1 Configuring the Server .....	609
5.1.2 Server Configuration Defaults .....	610
5.1.3 Server Configuration Validation .....	610
5.1.4 Server Option, System Variable, and Status Variable Reference .....	611
5.1.5 Server System Variable Reference .....	656
5.1.6 Server Status Variable Reference .....	681
5.1.7 Server Command Options .....	697
5.1.8 Server System Variables .....	725
5.1.9 Using System Variables .....	877
5.1.10 Server Status Variables .....	907
5.1.11 Server SQL Modes .....	930
5.1.12 Connection Management .....	942
5.1.13 IPv6 Support .....	950
5.1.14 Network Namespace Support .....	954
5.1.15 MySQL Server Time Zone Support .....	959
5.1.16 Resource Groups .....	964
5.1.17 Server-Side Help Support .....	969
5.1.18 Server Tracking of Client Session State Changes .....	970
5.1.19 The Server Shutdown Process .....	973
5.2 The MySQL Data Directory .....	975
5.3 The <code>mysql</code> System Schema .....	975
5.4 MySQL Server Logs .....	981
5.4.1 Selecting General Query Log and Slow Query Log Output Destinations .....	982
5.4.2 The Error Log .....	984
5.4.3 The General Query Log .....	1004
5.4.4 The Binary Log .....	1005
5.4.5 The Slow Query Log .....	1021
5.4.6 Server Log Maintenance .....	1025
5.5 MySQL Server Components .....	1027
5.5.1 Installing and Uninstalling Components .....	1027
5.5.2 Obtaining Server Component Information .....	1028
5.5.3 Error Log Components .....	1028
5.6 MySQL Server Plugins .....	1031
5.6.1 Installing and Uninstalling Plugins .....	1032
5.6.2 Obtaining Server Plugin Information .....	1036
5.6.3 MySQL Enterprise Thread Pool .....	1037
5.6.4 The Rewriter Query Rewrite Plugin .....	1044
5.6.5 The <code>ddl_rewriter</code> Plugin .....	1053
5.6.6 Version Tokens .....	1056
5.6.7 The Clone Plugin .....	1067
5.6.8 MySQL Plugin Services .....	1091
5.7 MySQL Server User-Defined Functions .....	1099
5.7.1 Installing and Uninstalling User-Defined Functions .....	1100
5.7.2 Obtaining User-Defined Function Information .....	1101
5.8 Running Multiple MySQL Instances on One Machine .....	1102
